Molecular Structural Descriptors
SERIAL NO. : 09/776,711
FILING DATE : February 5, 2001
ATTORNEY DOCKET NO. : 3017-51

TO: Commissioner of Patents and Trademarks
Washington, DC 20231

Dear Sir:

Applicants have assigned their rights in this application to their employer who is entitled to small entity status, which is hereby claimed.

Substitute drawings have been required. New drawing sheets are provided containing the same figures as originally submitted with appropriate margins. The *Notice* also required a substitute specification having appropriate margins. While no particular part of the specification was identified as having inappropriate margins, review of the application indicated that the Appendices were the only part of the specification with improper margins. Accordingly, substitute Appendices having correct margins are provided.

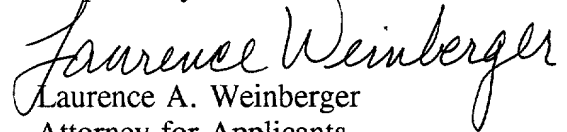

Transmitted for filing in the above identified application are the following documents:

1. *Notice To File Missing Parts Of Application - Filing Date Granted;*
2. Declarations and Powers of Attorney for two inventors;
3. 27 substitute drawing sheets of 15 figures;
4. 56 pages of substitute specification (Appendices A, B, C, and D);
5. *Petition for Extension of Time* with attached check in the amount of \$460;

6. a check in the amount of \$65 for the late filing surcharge;
7. a check in the amount of \$370.00 for the basic filing fee;
8. a return postcard; and
9. an Express Mail Certificate.

Please address all correspondence regarding this patent application to me at the address set out below.

Respectfully submitted,
